OSHC Zoo Adventure

What bird am I?

How many Australian wetland birds can you find?

As you explore the Zoo today;

- Visit the Australian Rainforest and Australian Wetland Aviaries (O11 and O12 on your Zoo Map)
- Use the bird pictures in this booklet to identify our Australian Wetland Birds
- Put a tick, stamp or sticker in the box next to the picture of the birds when you find them
- See how many Wetland birds you can find

Your name:

Australia is a great place to go bird watching... We have over 800 different kinds of birds!

Put a tick, stamp or sticker in the box next to the picture of the birds as you see them.
