

When you have completed the animal observations you can take your passport to the volunteers desk and get a 30 minute credit stamped in your Children's University Passport

Choose another animal observation for more credits in your Children's University Passport

Extension work if you choose...

You have gathered some interesting information about Meerkats. Can you turn your data into a graph? Present your data in different types of graphs.

Can you think of reasons the Meerkat enclosure has been built like it has? Think about;

- Logs and rocks
- Sand
- Any other things you notice
- Meerkats are not a threatened species. Why do you think they are kept at Adelaide Zoo?

Children's University Learning Experience

1. When you have completed this activity fill in your CU Passport with the date, for 30 minutes and *Meerkat observation* as the activity.
2. Take your CU Passport to the Volunteers (Visitors) desk and ask for a stamp.

If a volunteer isn't available, take this sheet back to the CU coordinator at your school to stamp your passport.

Meerkat

Scientists use research skills such as *observation* to learn about animals.

In this learning experience you will be observing a Meerkat

Using a map of Adelaide Zoo go to the Meerkat enclosure in front of the Giraffes or next to the Envirodome.

Get started...

- ◊ Choose one Meerkat to watch.
- ◊ Read the behaviour key (next page) and see what the code letter is for possible Meerkat behaviours.
- ◊ Every 60 seconds (1 minute) write down what you see (observe) the Meerkat doing at that moment.
- ◊ Repeat 10 times (until 10 minutes have passed).

Your name (name of observer)_____

Date: _____ Time: _____

Species of study animal: Meerkat

Does your Meerkat have any special colours or shapes on their fur (features)?

What is the weather like?

Sunny ☐ Cloudy ☐ Wet ☐ Still ☐
Hot ☐ Warm ☐ Cold ☐ Windy ☐

Every one minute (for 10 minutes) write down what you see the Meerkat doing.
